

HOSPITALITY INTELLIGENCE
TRANSFORMATION & OPERATIONS

RESTAURANT CONSULTING BY CHEFS • KUALA LUMPUR • ACROSS ASIA

THE NAME

HITO MEANS MILESTONE

In Spanish, a hito is the stone that marks the path on the Way of Santiago.

Our H is two of those stones joined by a path: in Kuala Lumpur, the two Petronas Towers and their skybridge. HITO was born in the kitchens of Kuala Lumpur, where Basilio and Iker worked together.

360 restaurant consulting, by chefs: concept and opening, team and training, costs and menu, operations.

THE NUMBERS

RUNNING A RESTAURANT IN MALAYSIA TODAY

Good food is no longer enough. These are the numbers owners are facing.

25,000

workers missing in Malaysian restaurants, according to the restaurant owners' association Presma.

Free Malaysia Today · Jan 2025

+30%

rise in operating costs in 2026: packaging, gas and supplies, according to Presma.

Free Malaysia Today · Mar 2026

-4.6%

café and restaurant sales in the first quarter of 2026, according to Retail Group Malaysia.

The Edge Malaysia · Jul 2026

RM30,000

a month in rent, utilities and staff before buying a single ingredient, says an owner in Sri Petaling. With RM60,000 in sales, she breaks even.

MySinchew · Oct 2026

SERVICES

TWO ROADS LEAD TO HITO

Your restaurant is already open, or you are about to open one. Either way, the problems start long before you see them.

ROAD 1 · YOUR RESTAURANT IS OPEN

YOU SELL, BUT YOU DON'T KNOW WHAT YOU MAKE

- Food cost out of control as supplier prices keep rising.
- Staff come and go, and nobody trains them.
- Every shift is run a different way.

WHAT WE DO

- Cost control with real waste: the true food cost of every dish, with the CosteOS method.
- Your restaurant in 5 minutes a day: sales, cost and profit on WhatsApp every evening.
- Supplier price alerts and the cost of every dish in RM.
- Demand forecast, stock control and automatic supplier orders.
- Staff training with our method, a video academy in your team's languages and a WhatsApp assistant for the kitchen.
- An operations manual for kitchen, floor, cleaning, opening and closing.
- An external executive chef without hiring one full time, and a chef on call on WhatsApp.
- For groups: unified reports, purchasing and finance, and a central kitchen with your own recipes.
- Running a tapas bar, a paella restaurant or a pizzeria? As Europeans, we help you make it authentic.
- Monthly follow-up and on-site visits from Basilio in Kuala Lumpur.

ROAD 2 · YOU WANT TO OPEN FROM SCRATCH

OPENING BADLY COSTS MORE THAN NOT OPENING

- A concept that doesn't fit the Kuala Lumpur guest.
- A rent the numbers can't carry.
- Opening day with no team and no manuals.

WHAT WE DO

- Concepts built on what we bring from Spain and Europe: Mediterranean food, tapas, pintxos, Galician, Basque and Italian cooking.
- A study of the area before you choose: competitors, prices and reviews.
- The numbers before you invest: investment, food cost and break-even.
- The menu and a standardised recipe book, with every dish costed.
- Branding for your restaurant.
- Your team: chefs recruited through our Kuala Lumpur network and trained with our method.
- An operations manual ready from day one.
- Authentic European concepts: as Europeans, we know what makes a tapas bar, a paella restaurant or a pizzeria the real thing, and we make sure it is in Asia.

We find where your profit is going, and we fix it.

We hand you the restaurant thought through: team, method and numbers from day one.

THE HITO METHOD

FOUR MILESTONES

MILESTONE 01

CONCEPT & OPENING

Restaurants with an identity, designed for Kuala Lumpur.

Concepts with our Spanish and European background, menus with the numbers done, branding, and the numbers before you invest.

MILESTONE 02

TEAM & TRAINING

A team trained with our method.

Recruitment through our Kuala Lumpur network, kitchen and floor training in your staff's own languages, manuals and supervision.

MILESTONE 03

COSTS & MENU

You know what you make, every day.

Recipe costing with real waste (the CosteOS method), menu engineering, supplier control and your profit, every day.

MILESTONE 04

OPERATIONS & GUESTS

The day-to-day, under control.

Kitchen and floor processes, staff hours, bookings by WhatsApp, replies to reviews and office paperwork.

AI & AUTOMATION

THE REPETITIVE WORK, DONE BY AI

The chefs set the method; AI takes care of the rest. Built and run by our own AI engineers, Iker and Anaïs. Everything on WhatsApp, in English, Malay and Mandarin.

- 🕒 **Bookings and questions**
A WhatsApp assistant that takes bookings, answers questions and takes orders, in English, Malay and Mandarin.
- 📞 **The phone, answered**
A voice agent that picks up the phone and takes bookings, also after hours.
- 📅 **No more no-shows**
Automatic reminders before every booking.
- 📝 **Google reviews**
A reply to every review, and a review request after each visit.
- 👤 **Guests who come back**
Loyalty messages on WhatsApp to the people who already came.
- 📄 **HR and the office**
Staff documents, schedules, attendance and warning letters, generated on their own.
- 📧 **Automate anything**
Emails, supplier orders, reports, invoices: if you do it every week, we automate it.
- 🔄 **Always running**
We set it up, look after it and adjust it every month.

MARKETING

MARKETING WITH YOUR OWN NUMBERS

No guesswork: we use your sales to decide when and how to bring in more guests.

- 🕒 **Your busy hours**
We read your sales to see when you fill up and when the room is empty, hour by hour.
- 📅 **Happy hours and promotions**
Offers planned for your quiet hours, where they bring in guests without giving away your busy ones.
- 📋 **Menus that adapt**
Dynamic menus and recommendations that change with the hour and with what sells.
- 📧 **WhatsApp campaigns**
News and offers to the guests who already came: the easiest customer to win back.
- 📷 **Photos and video**
Photos and video of your dishes, made with AI.
- 📱 **Social media**
Fresh content for your social media every month.

WHO IS BEHIND HITO

CHEFS AND OUR OWN AI TEAM

HITO was founded by Basilio, Iker and Anaïs, and born in the kitchens of Kuala Lumpur, where Basilio and Iker worked together.

FOUNDERS

HITO IS HIS IDEA

Basilio Martin Garcia

EXECUTIVE CHEF · KUALA LUMPUR

Nearly 30 years in kitchens, from Michelin-starred restaurants in Mallorca to group executive chef of fifteen restaurants in Kuala Lumpur, with teams of up to 110 people. He knows the market, the chefs and the owners.

Iker Fernández Caballero

AI ENGINEER · CHEF

AI engineer who comes from the hospitality sector. With Anaïs he has created three software products: CosteOS, for restaurant cost control, a property-management platform and an invoice-matching tool. He builds HITO's AI tools himself.

Anaïs Moragón

AI AUTOMATION EXPERT · N8N

AI automation expert specialised in n8n, who comes from the hospitality sector: workflows, APIs and POS integrations that make the repetitive work of a restaurant run on its own.

OUR CHEFS

Mohd Yusri Mohd Yusoff

EXECUTIVE CHEF

Over 25 years in kitchens, from Kuala Lumpur hotels to the Middle East. Chef de cuisine at Anantara Desaru, group executive chef of Hyde Park in Malaysia, head chef of La Bodega in Bangsar, where he worked with Basilio, and executive chef on the NEOM project in Saudi Arabia.

WHERE WE WORK

KILOMETRE
ZERO: KUALA
LUMPUR

On the Way of Santiago, every milestone counts the kilometres. Ours count from Kuala Lumpur, where HITO is based, to wherever a restaurant needs us in Asia.

Distances in a straight line from Kuala Lumpur.

HOW WE WORK

MILESTONE BY MILESTONE

01

A 15-minute call

On WhatsApp. You tell us about your restaurant; we tell you honestly whether we can help.

02

Diagnosis

We look at your kitchen, numbers, team and processes, and tell you what we would fix first.

03

A plan in phases

Every phase is a milestone, with its deliverable and its date.

04

Results in ringgit

Food cost before and after, and what you save in a year.

DISCOVERY CALL

BOOK A 15-MINUTE CALL

15 MINUTES · WHATSAPP OR VIDEO · NO SALES PITCH

An honest conversation about your restaurant, with chefs who have run kitchens. No slides and no commitment.
